young s literal translation of the bible is as the name implies a strictly literal translation of the hebrew and greek texts from the textus receptus and majority text compiled by robert young in 1862 he went on to produce a revised version in 1887 based on the westcott hort text which had been completed in 1885 young died on october 14 1888 and the publisher released a new revised edition in 1898 young used the present tense in many places where other translations used the past tense particularly in narratives the preface to the second edition states if a translation gives a present tense when the original gives a past or a past when it has a present a perfect for a future or a future for a perfect an a for a the or a the for an a an imperative for a subjunctive or a subjunctive for an imperative a verb for a noun or a noun for a verb it is clear that verbal inspiration is as much overlooked as if it had no existence the word of god is made void by the traditions of men emphasis in original for example the ylt version of genesis begins as follows 1 in the beginning of god s preparing the heavens and the earth 2 the earth hath existed waste and void and darkness on the face of the deep and the spirit of god fluttering on the face of the waters 3 and god saith let light be and light is 4 and god seeth the light that it is good and god seperateth between the light and the darkness 5 and god alled to the light day and to the darkness he hath called night and there is an evening and there is a morning day one young s literal translation in the 1898 edition also consistently renders the hebrew tetragrammaton the four hebrew letters usually transliterated yhwh or jhvh that form a biblical proper name of god throughout the old covenant testament as jehovah instead of the traditional practice of lord in small capitals which was used in editions prior to 1898 young s usage of english present tense rather than past tense has been supported by scholars ranging from the medieval jewish rabbi rashi who advised if you are going to interpret this passage in its plain sense interpret it thus at the beginning of the creation of heaven and earth when the earth was or the earth being unformed and void god said let there be light to richard elliott friedman in his translation of the five books in the bible with sources revealed 2002 there is a linked table of contents for each book and chapter

a compendium of approximately three hundred texts in greek hebrew aramaic latin ethiopic syriac coptic and other languages that are important for the study of jewish messianism and early christology in recent decades the study of jewish messianic ideas and how they influenced early christology has become an incredibly active field within biblical studies numerous books and articles have engaged with the ancient sources to trace various themes including messiah language itself exalted patriarchs angel mediators wisdom and word eschatology and much more but anyone

who attempts to study the jewish roots of early christianity faces a challenge the primary sources are wide ranging involve ancient languages and are often very difficult to track down books are littered with citations and a host of other sometimes obscure writings and it can be difficult to sort them all out this book makes a much needed contribution by bringing together the most important primary texts for the study of jewish messianism and early christology nearly three hundred in total and presenting the reader with essential information to study them the critical text itself with apparatus a fresh translation a current bibliography and thematic tags that allow the reader to trace themes across the corpus this volume aims to be the starting point for all future work on the primary sources that are relevant to messianology and christology about the author gregory r lanier phd university of cambridge is associate professor of new testament at reformed theological seminary in orlando florida he has written extensively on early christology and published old testament conceptual metaphors and the christology of luke s gospel bloomsbury 2018 septuaginta a reader s edition hendrickson 2018 and is jesus truly god how the bible teaches the divinity of christ crossway 2020 he also serves as associate pastor of river oaks church in lake mary florida

the nature of lukan christology has been much debated in recent years with scholars claiming the pre eminence of such categories as lord prophet christ or isaianic servant in the present work the author examines one major theme within luke s christology that of the coming king from the line of david a study of the lukan birth narrative and the speeches in acts reveals that luke shows a strong interest in this royal messianic theme introducing it into passages which are introductory and programmatic for his christology as a sermon portraying jesus in strongly prophetic terms the author seeks a synthesis of these seemingly conflicting royal and prophetic portraits in luke s interpretation of the old testament book of isaiah when isaiah is read as a unity the eschatological deliverer is at the same time davidic king isa 9 11 suffering servant of yahweh isa 42 53 and prophet herald of salvation isa 61 leading god s people on an eschatological new exodus on the basis of this synthesis the christology of luke acts is seen to be both consistent and unified forming an integral part of luke s wider purpose in his two volume work

when the ancients talked about messiah what did they picture did that term refer to a stately figure who would rule to a militant who would rescue or to a variety of roles held by many while christians have traditionally equated the word messiah with jesus the discussion is far more complex this volume contributes significantly to that discussion ten expert scholars here address questions surrounding the concept of messiah and clarify what it means to call jesus messiah the book comprises two main parts first treating those writers who preceded or surrounded the new testament two essays on the old testament and two on extrabiblical literature and then discussing the writers of the new testament concluding the volume is a critical response by craig evans to both sections this volume will be helpful to pastors and laypersons wanting to explore the nature and identity of the messiah in the old and new testament in order to better understand jesus as messiah

a handbook on the jewish roots of the christian faith this a comprehensive handbook that serves as an introduction to the jewish roots of the christian faith it includes old testament background second temple judaism the life of jesus the new testament and the early jewish followers of jesus it is intended as a resource for college and or higher education it is no longer a novelty to say that jesus was a jew in fact the term jewish roots has become something of a buzzword in books articles and especially on the internet but what does the jewishness of jesus actually mean and why is it important this collection of articles aims to address those questions and serve as a comprehensive yet concise primer on the jewish roots of the christian faith it consists of thirteen chapters most of which are divided into four or five articles it is in a handbook format meaning that each article is brief but informative the thirteen chapters are grouped into four major sections 1 the soil 2 the roots 3 the trunk and 4 the branches craig a evans phd dhabil is the john bisagno distinguished professor of christian origins at houston baptist university in texas he is a frequent contributor to scholarly journals and the author or editor of over seventy books evans resides in houston tx david mishkin phd serves on the faculty of israel college of the bible in netanya israel he is the author of the wisdom of alfred edersheim and jewish scholarship on the resurrection of jesus

the new messianic version nmv the complete old new testaments together in print for the first time the nmv of the bible is becoming increasingly popular among believers in jesus because it highlights some significant things that other bible versions do not the nmv challenges both jews and christians to see that the whole bible is jewish it restores the names of people and places to their jewish pronunciation by more accurately transliterating their names and it translates every name of people and places in line with the text so that it reads much like an amplified bible author tov rose says today jewish people and christians alike suffer a similar kind of blindness concerning the nature and person of god because

of this they do not know their god as they should there is a secret hidden in your bible and this is the only bible that clearly reveals it by transliterating both forms of the divine name he doesn't use the sacred name to encourage people to speak the divine name but to teach something several new testament authors also taught this bible answers the one question most christians and jewish people alike get wrong who is the god of the hebrew bible that performs miracles and is seen and spoken with by people at least 44 times if you said the father then you've missed several important new testament revelations about the identity of this divine person the new testament book of john 6:46 jesus says no man has seen the father well then says tov who have people seen this bible version clearly shows you who the author really is and it isn't god the father as a matter of fact john calls him the word paul calls him messiah and jude calls him jesus the nmv clearly tells you which old testament names of god represent father god and which others represent the son of god an ancient teaching understood and written about by the new testament authors tov again for example just look at isaiah 44:6 thus says the lord the king of israel and his redeemer the lord of hosts i am the first and i am the last and there is no god besides me then look at the new testament's book of revelation 22:13 where jesus says i am the alpha and the omega the first and the last the beginning and the end obviously there is something more to our theology that is clearly misunderstood among many of today's christians and jews alike jesus said unto them verily verily i say unto you before abraham was i am john 8:58 many christian and jewish scholars believe jesus actually pronounced the unspeakable divine name when he said that identifying himself as that divine person in several ways this is not like other bibles it intentionally views the old testament hebrew bible through a new covenant 1st century jewish believer's point of view rather than assuming a progressive revelation stance as nearly all other english bibles do in other words now that we have the new testament revelation of jesus we are supposed to read our old testaments hebrew bibles this way jewish people are challenged by the implication that the tanakh old testament is an incomplete bible without the new testament understanding that yeshua jesus is the god of the hebrew bible conversely christianity can only be truly understood only from a jewish perspective hatred of jewish people aka antisemitism can have no place with followers of jesus in short the nmv restores the jewish flavor and understanding of those first generation followers of jesus in a way that is unique and hasn't been done before note this edition is print 9pt font

for us jews who grew up in israel jesus and his word were never part of the conversation not in our school system not in our synagogues and not in our media nor do we have easy access to the new testament jesus has been studiously avoided and hidden from our people today in israel 99 7 of the jewish population reject jesus as the messiah how did our country where the gospel first took place come to be so adamantly against it within judaism over the last two millennia any kind of spiritual message had to go through the gate keepers the orthodox jewish rabbis the rabbinic judaism of the orthodox comes directly from the sect of the pharisees whom jesus rebuked woe to you scribes and pharisees hypocrites because you shut off the kingdom of heaven from people for you do not enter in yourselves nor do you allow those who are entering to go in matthew 23 13 ever since the days of messiah the rabbis have set themselves in opposition to the gospel blocking the message of jesus from israel they deliberately prevent jewish people from hearing about the free salvation offered to them in the death and resurrection of their own jewish messiah they have gone to great lengths to conceal jesus and keep him the best kept secret in judaism keeping our people in spiritual darkness but now the secret is out after almost 2000 years jesus or as we call him in hebrew yeshua can no longer be hidden from the people today our ministry one for israel reaches jewish and arab israelis exactly where they are online we no longer need the rabbis permission for anything we can go straight into the smartphones tablets and computers of every israeli sharing the saving good news of yeshua the messiah in the past the message of the gospel came to israel from outside our borders delivered by people who didn t understand our

language our culture our heritage or our way of thinking today the messengers look very different now it is jewish and arab israelis who are bringing the gospel back to where it started back to our own people israel we can explain the gospel to our people in a way that makes sense to them in our own native tongues of hebrew and arabic as only israelis can and help our people understand who yeshua really is the orthodox rabbis in israel operate an anti missionary organization called yad l achim specifically to fight against the spread of the gospel among the jewish people this very well funded organization works very closely with the minister of interior in the israeli government they seek to prevent jewish people from leaving the confines of rabbinic judaism by any means necessary not always legally and relentlessly persecute us the jewish believers in jesus in israel with over 90 of the names photos and addresses of all the messianic jews in israel on file yad l achim began sending a magazine called searching to the homes of believers in israel back in 2014 the magazine contains objections and refutations from orthodox rabbis about the messiahship of jesus the credibility of the new testament and trying to ridicule and destroy the belief in jesus this caused several jewish believers even including some who had been missionaries to deny their faith in jesus and revert to rabbinic judaism over the past five years i decided to go over all of their magazines books and videos in order to answer their arguments and prove their objections false since 2015 we have released about 150 short videos where we share the gospel and directly refute these rabbinic objections to jesus new testament and christianity this book is a compilation of transcripts from these videos all in one place for your consideration while the content of this book is based on five years of academic research i did my best to write it in a simple easy to read way in order to keep this book as short as possible please share links to this book

John 1:1 in the beginning was the word and the word was with God and the word was God most people do not realize that the apostle John was actually using terminology familiar to 1st century Jewish people it was familiar because it was language read in the targums in the synagogue every week what John was doing by stating his first sentence in the manner was very similar to the technique used at the time and today in some orthodox Jewish sects whereby one person would recite the first verse of a psalm and the students or members of the synagogue would begin to recite the rest of the psalm Jesus did this as is recorded in the new testament the hearers should have understood to recite the entirety of psalm 22 in response and about the ninth hour Jesus cried out with a loud voice saying *eli eli lema*

sabachthani that is my god my god why have you forsaken me matthew 27 46 using this technique john the apostle was calling on jewish familiarity with the aramaic tagums and calling them to apply what they learned from the targums about the word of the lord to yeshua jesus himself this study is simply highlighting all of those passages that would have been read in the synagogue throughout the course of a year in 1st century judaism calling attention to the passages mentioning the word of the lord jewish theology of the period understood that the word of the lord was a lesser yahweh in other words he was the god who interacted with humanity and creation directly performing miracles signs and wonders and simply speaking to humans the greater yahweh was understood to exist in the heaven the lesser yahweh did the will of and spoke the words of the greater yahweh this is the theological and social context of the 1st century jewish mind that first encountered the apostle john s words john 1 1 in the beginning was the word and the word was with god and the word was god this work is a side by side comparison of passages in the various targums showing that the word of the lord was considered an important person of the godhead in the understanding of judaism predating 3 ad ce

# From 5.9 What? Understanding Conversions to Inches

This article focuses on understanding and performing conversions related to the measurement 5.9, specifically converting it to inches. The crucial first step is determining the unit of measurement that 5.9 represents. Without knowing the original unit (e.g., centimeters, millimeters, yards), accurate conversion to inches is impossible. This article will explore common units and detail the conversion process for each. Understanding these conversions is crucial in various fields, from everyday tasks like sewing and carpentry to engineering and design.

## 1. Understanding Units of Measurement

Before diving into the conversion, it's vital to grasp the concept of units. Measurement involves quantifying a physical quantity, and units provide a standard for this quantification. Inches, centimeters, millimeters, and yards are all units of length, each with its specific size. The metric system (centimeters, millimeters) uses a base-10 system, making conversions relatively straightforward. The imperial system (inches, yards), on the other hand, utilizes less intuitive relationships between units.

## 2. Converting 5.9 Centimeters to Inches

The centimeter (cm) is a unit of length in the metric system. To convert 5.9 centimeters to inches, we need to use the conversion factor: 1 inch  $\approx$  2.54 centimeters. This means one inch is approximately equal to 2.54 centimeters. Therefore, to convert 5.9 cm to inches, we divide 5.9 by 2.54:  $5.9 \text{ cm} / 2.54 \text{ cm/inch} \approx 2.32 \text{ inches}$  Example: Imagine you're working on a craft project and need a piece of ribbon that's 5.9 centimeters long. Knowing that this is approximately 2.32 inches helps you accurately measure the ribbon.

### 3. Converting 5.9 Millimeters to Inches

The millimeter (mm) is a smaller unit in the metric system; 10 millimeters equal 1 centimeter. To convert 5.9 millimeters to inches, we can use a similar approach. We'll use the conversion factor: 1 inch  $\approx$  25.4 millimeters. Therefore:  $5.9 \text{ mm} / 25.4 \text{ mm/inch} \approx 0.23 \text{ inches}$  Example: If you are working with tiny electronic components and the manual specifies a dimension of 5.9 millimeters, understanding this is roughly 0.23 inches is beneficial for working with standard tools.

### 4. Converting 5.9 Yards to Inches

The yard (yd) is a larger unit in the imperial system. There are 36 inches in 1 yard. To convert 5.9 yards to inches, we multiply 5.9 by 36:  $5.9 \text{ yards} \times 36 \text{ inches/yard} = 212.4 \text{ inches}$  Example: A tailor needs 5.9 yards of fabric for a dress. Knowing this equates to 212.4 inches helps them accurately cut the fabric and avoid wastage.

### 5. Dealing with Other Units and Precision

The conversions above assume the 5.9 represents centimeters, millimeters, or yards. If the unit is different (e.g., meters, feet), you'll need to use the appropriate conversion factors. Remember that the symbol " $\approx$ " indicates an approximation. The conversions provided utilize a rounded-off value of the inch-to-centimeter conversion factor. For highly precise applications, use a more accurate value (e.g., 2.540005). Using calculators or online conversion tools can assist in achieving greater accuracy in your conversions.

### Summary

Converting 5.9 to inches requires knowing the original unit of measurement. We've explored conversions from centimeters, millimeters, and yards to inches, highlighting the importance of understanding unit relationships and conversion factors. Accurate conversions are essential across various fields, ensuring precision and avoiding errors in various applications. Utilizing online conversion tools can enhance efficiency and accuracy in performing these calculations.

# Frequently Asked Questions (FAQs)

1. What is the most accurate way to convert 5.9 centimeters to inches?  
Using a calculator and the exact conversion factor (1 inch = 2.54 centimeters) will provide the most accurate result. 2. Can I convert 5.9 feet to inches? Yes, multiply 5.9 feet by 12 inches/foot to get 70.8 inches. 3. Why are there different conversion factors for inches and centimeters? The inch and the centimeter are defined based on different systems of measurement (imperial and metric). Their relationship is an approximation, stemming from the historical development of measurement standards. 4. Are online conversion tools reliable? Reputable online conversion tools are generally reliable, but always double-check the results, especially for critical applications. 5. How do I handle significant figures in conversions? The number of significant figures in your result should match the least number of significant figures in your initial measurement (5.9 in this case). So, 2.32 inches is appropriate for 5.9 cm, but retaining more decimal places might be misleading.
